## Cleaning applicator for photo digital frames

Cleaning > Cleaning spray

### Best cleaning for your photo digital frame

Practical kit for cleaning your digital frame.

#### Specifications:

Contains:

- 1 microfibre applicator incorporating a retractable cleaning fluid container (2 ml), specially designed for cleaning your digital photo frame's TFT or LCD screen. Its concentrated formula avoids any risk of smearing.
- Its flat, square shape is designed to clean into the corners of the screen easily.

**Capacity:**  
more 20 cleanings

**Packing dimensions (LxHxD):**  
11.5x25.5x3.0 cm

New product - Compatible TFT/LCD screens
